

CHAPTER V

CONCLUSSION AND SUGGESTION

This chapter discusses the conclusion and suggestion. The conclusion is drawn after getting research finding. Then, suggestion leads further researchers who are interested in doing similar research.

5.1 conclusion

Based on this research problems about semantic meaning, there are four types of semantic meaning in Hole lyrics song namely, conceptual meaning, connotative meaning, collocative meaning, and thematic meaning. There are four types of semantic meaning of *Hole* which are conceptual meaning, connotative meaning, collocative meaning, thematic meaning. And example of them are conceptual meaning, I,e: *Ne are nade do ta muri nga merede.* connotative meaning,I,e: *Moba 'ni nadu mi manu.* collocative meaning,I,e: *rowi kolo loro mone lamma.* thematic meaning,I,e: *mita nyale ta pelam 'me ne are wie hab 'ba rai lowe.* While, there is three type that is not found in Hole Lyrics song, namely reflective meaning. stylistic meaning, affective meaning, and reflected meaning.

5.2. Suggestions

Based on the conclusion, the writer would give some suggestion as follow:

1. The people of Sabunese in particular young generation of Habba to consider the important values contained in the traditional Hole Lyrics in their daily life.
2. The writer expects young generation, especially young generation of Sabunese to take care, preserve local culture and expect to apply the values contained in traditional *Hole* lyrics.
3. The ethnic of Sabunese is supposed to develop and take care about their traditional culture in which people of Sabunese live and maintain their culture.

4. It is expected that traditional lyrics as Hole can be documented in written form because it is an lyrics known only by few people that may decline in the future.
5. Lyrics of Hole should be preserve by teaching younger generation keep it alive.
6. The result of this study is expected to be useful for Sabunese people especially students doing further study about lyrics traditional of Hole and the source of information for those I who are interest in conducting any research any research relate to the topic at this study.
