

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter, the writer presents the conclusion and suggestion following The finding of the study, the first section is the conclusion of the research finding and the second is the suggestion.

5.1 Conclusion

Based on the result of research that has been done by research and analysis what the author has described, it can be concluded as follows :

Following the information that has been described in previous chapters, the author can explain his research at the Christian Artha Wacana University . The author can draw the following conclusion : the students 'motivation to learn English is moderate, students' motivation to learn English because of the fun atmosphere, the teacher who delivered the material well and the material is easy to understand. the researcher concludes that there are several factors behind the motivation of students learning English as it is said that it is related to the motivation of English students. As they like the English class atmosphere, are interested in the way English is used in conversation, and believe that the students will be able to read and understand most of the texts in English if students continue to learn it, and also a bit nervous and confused when students speak in English class, Students also find learning English really interesting, besides students are also motivated ready to expend English, Student very student English student to write in English comfortably if students keep trying hard, and the last students are motivated because students think that

students do their best to learn English. The use of learning strategies inappropriate situations can encourage students to succeed in learning English. It can be seen from different strategies as applied by students. The students are free to select appropriate learning strategies for their condition. More and more learning strategies are better understood by the students, encouraging students to find out and apply learning strategies when they learn English. By applying the right English students will be over success in English.

5.2 Suggestion

At the end of the research, there are some suggestions for teachers, students and further researchers :

1. For School : For teachers to pay more attention to their students and explain a more interesting method so that students feel happy and comfortable so that student motivation can grow and give passion for every student to learn.
2. For Students : For students to be easier to learn English, the most important thing is to love the English language and pay attention to teachers who explain when learning English
3. Further Research : For the next researcher in order to develop again this research in order to deepen the motivation of learning, especially learning English in school.
