

CHAPTER V

CONCLUSIONS AND SUGGESTION

In this chapter, the writer would like to present the conclusion and suggestion as follow:

1.1 Conclusion

Based on the result being discussed in previous chapter, it can be concluded that teacher in teaching and learning activities conducted ten roles namely: teacher as educator, teacher as teacher, teacher as learning resource, teacher as facilitator, teacher as guide, teacher as demonstrator, teacher as class manager, teacher as motivator, teacher as trainer and teacher as evaluator. From the ten roles that the teacher use, there are five roles that the teacher dominantly played they are: teacher as educator, learning resource, motivator, facilitator and evaluator.

1.2 Suggestions

Based on the finding of this research, the writer present some following suggestion for the teacher's candidate, readers and the next researcher.

1. For the teachers can use this thesis as guide for teaching
2. For the readers will add more knowledge about the role of teacher
3. For the next researcher can use this thesis as a guide for their thesis.
