

CHAPTER V

CONCLUSION AND SUGGESTION

5.1 Conclusion

Based on the findings and discussion, slang is also used in everyday conversation because it is an informal language created and used by people who know each other well in certain groups and even many young people who use slang because it is simple and modern following the times. . . After analyzing the data that has been discussed in the previous chapter, the author tries to explain the conclusions of this study. In the lyrics of the song "Perfect". The lyrics of the song "Perfect" represent the slang words above, from here slang is very important to understand in the song when someone reads the lyrics of the song. Slang in song lyrics is also a form of communication. Based on the findings above, there are two types of slang words: society slang, public house slang. while the type of word formation that the author uses to analyze the data there are six types of word formation, namely: compounding, blending, clipping, reverse form, derivation, prefix and suffix. Various processes such as (waterside, skyline, uderstand, wanna, kinda, ganna, tryna, plane, phone, 'cause, golden, traveled, beautiful, dance,mysterious, disappear, darkness,looked and disappear). Through these findings, it can be said that the song lyrics use slang words so that the lyrics are not too long, to express any emotion to enrich the language and the listener or audience can enjoy the lyrics and not bore the listener.

5.2 Suggestion

Based on the findings, here are some suggestions for researcher and also readers.

1. The author hopes that this research can add and add in-depth knowledge about slang.
2. This research can be used as a reference for students majoring in English who want to conduct similar research, especially for students of the English Teacher Education Study Program, Artha Wacana Christian University Kupang.
