

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter, the researcher concluded after analyzing the obtained data in the previous chapter. The conclusion was drawn based on the formulated research question, while the suggestion intended to give information to the next researchers who would be interested in doing similar research.

3.1 Conclusion

Depending on the research findings and discussions, the conclusions of this study are shown below;

The first the researcher conducted a research about movie under the title *Kartini: Putri Dari Jawa*. 3.2 Suggestion

After getting the analysis results, the researcher would like to provide several suggestions as important considerations for readers and future researchers.

1. For readers

Readers can use this study as a reference to understand the relevance of pragmatics and its application in everyday life, especially regarding deictic expressions.

2. For future researchers

This study still needed improvement in some parts of analysis. The future researcher who wants to conduct the research in the same discipline can take the information of this research to get the better research.
