

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

5.1 CONCLUSIONS

Based on the results of this research presented in the previous chapter, the writer would draw some conclusions as follows. There are three component of generic structure according to Rahayuningsih (2010:32). First, Orientation such as (*one day there was a husband and wife who lived alone in the middle of the forest in a cave (stone hole)*), Sequence of events such as (*Saat itu takdir berkata lain, suaminya dimakan oleh raksasa itu. istrinya* (At that time fate said otherwise, her husband was eaten by the giant), Resolution such as (*Setelah mereka dewasa, ibunya berkata kepada mereka jika sudah saatnya mereka harus membunuh raksasa itu untuk membalaskan dendam ayah mereka yang di bunuh oleh raksasa itu dan merekapun mengikuti apa yang dikatakan ibu mereka. (After they grew up, their mother told them when it was time they had to kill the giant to avenge their father who was killed by the giant and they followed what their mother said)*), Coda such as (*Saat itu mereka tidak tahu harus berlari kemana, dua anak kembar itu melompat ke dalam air dan menjadi dua ekor buaya putih dan ibunya memilih untuk mati di tempat itu dan menjadi batu berbentuk pulau kecil yang ada di tengah-tengah danau itu, hingga sekarang orang memanggil pulau itu adalah pulau ibu.* (At that time they did not know the way for running, the two twins jumped into the water and became two white crocodiles and their mother chose to die in that place and became a rock in the shape of a small island in the middle of the lake, until now people call the island is mother island). The generic structure have been described by using the four component of generic structure.

5.2 SUGGESTIONS

Based on the findings, here are some suggestions:

1. Language is a tool of communication all in this world. Every language has its own pronoun and dialect that very unique.
2. This research can be used as a source for the other researcher or also the people who want to know about the generic structure of tihu lake or to know the story of Tihu Lake.
3. It is expected that this research can be used by other researchers to conduct another researches related of generic structure. The writer would like to suggest any researchers to analyze about generic structure in other short story, not only in Tihu Lake short sory.
4. This research is purpose to share for the others about the generic structure of Tihu Lake And can helps easily for the others when they are want to know about generic structure.
